!help

This command has been apportioned into three subjects as listed below. To find instructions on a specific topic you seek help with, please select it by using the following command format: !help [bank/item/admin]

!help bank

!request [personal/business/nonprofit/trust]

This command triggers an application form for a new banking account into your DM

!bank [account_name] check

This command shows your banking account balance for a specific account.

!bank [account_name] transfer [amount] [to_user] [to_user_account_name]

This command transfers x amount to user's banking account name.

!bank [account_name] terminate

This command terminates your banking account permanently. All funds will be lost.

!accounts

This command gives you an overview of all your accepted banking accounts.

!help item

!item

This command triggers the item menu. You can create, edit, or delete an item in this form. Please select the item mode you wish to use by typing the following command: !help [new/edit/delete]

!trade [bank_account] [item_name] [to_user] [price]

This command initiates a trade between you and someone else. The user you are trading your item for will receive a message asking which account he/she wishes to use for the transaction.

!help admin

!bankadmin [user] [account_name] check

This command shows administrators a banking account's balance.

!bankadmin [user] [account_name] deposit [amount]

This command gives administrators the power to add money to a specific banking account.

!bankadmin [user] [account_name] withdraw [amount]

This command gives administrators the ability to remove money from a specific banking account.

!bankadmin [user] [account_name] terminate

This command allows administrators to permanently delete a user's banking account.

!taxtype new [taxtype_name] [tax_value]

Creates new tax taxtype_name with tax_value

!taxtype edit [taxtype_name] [tax_value]

Changes taxtype_name tax to tax_value

!taxtype delete [taxtype_name]

Removes taxtype_name from taxlist

!taxtypelist

Lists all current taxes

!itemcategory new [itemcategory_name]

Creates a new item category called itemcategory_name

!itemcategory delete [itemcategory_name]

Deletes the item category called itemcategory_name

!itemcategory [add/remove] [itemcategory_name] [taxtype_name]

Adds or removes the taxtypr_name to/from itemcategory_name.

!itemcategorylist

Lists all item categories.
